A stunning old olive mill that has been renovated, with rustic charm, beams and beautiful tiling and detail, to make three separate living units, with huge potential for a lifestyle business set-up, in glorious, totally unspoiled countryside. The property is reached by a track of around 3 kms, and the final km is concrete. The property is made up of three living spaces: Apartment 1 – 120m² is reached via a small staircase from within a small courtyard garden which features original mill stones from when the property was a working mill. The front door leads into a large, impressive living room with vaulted ceiling and original beams. The ceiling is painted white and most of the walls are in original stonework. Patio doors open out onto a large terrace with views of the land, the paddocks and the entrance courtyard. A large wood burning stove forms the centrepiece of the room and at the far end of this room is a small, but functional kitchen area. Double doors lead into a long hallway with an antique log burner at the far end. On the right is a door to a large shower room, with shower, sink and WC. Also from the hallway is access to three bedrooms. Each of...
