200000m²

An entire hamlet complete with houses, bar, school, church and various outbuildings, set in approximately 200,000 m² of land surrounded by the Baza National Park. This would make the most amazing tourist complex at bargain price. This tranquil property has uninterrupted 360 degree views of the surrounding hills and countryside, yet it is only 5 minutes drive from the A92N dual carriageway running between Granaa and Murcia. The towns of Baza, Guadix, Granada and its international airport are all within easy reach. Most of the properties are in good condition and require minimal work to make them liveable. Electricity is supplied by solar panels and heating by butane gas. Mains electricity can be installed. The property has its own water supply and septic tank.

Development grants may be available.
