Hunting Estates for sale in Huescar

Reference: GU272 Hunting Estate La Sagra

2,500,000€

400000m²

This is a very rare opportunity to purchase a very large country estate approximately 400,000 m2 with hunting rights for game situated on the side of the La Sagra Mountain in Granada province. There are around 400 hectares of land in total with one main cortijo needing reform but in reasonable condition. In addition there are a number of other ruins that will allow reconstruction to build other houses and cortijos. The land contains both big and small game in an extremely beautiful location. Wild boar, ibex and mountain goat are abundant as well as partridge, rabbit and hare.
