4000m²

173m²

An excellent 4 bedroom, 3 bathroom country property in a quiet location just a short drive from the vibrant town of Alhaurin el Grande, and just 25 minutes from the coast and Malaga. The property is charming and tastefully decorated, with high beamed ceilings and much rustic character throughout and is set in 4000 m2 of land, the lower part is fenced, flat and ideal for horses, with separate double gates access. Accessed via double electric gates, with parking for 3 or 4 cars, built on a plot of around 4000 m2 with superb views, this property is ideal for country living and would be ideal for animals such as dogs or horses. The lower part of the land is fenced, flat and ideal for horses, with separate double gates access. There is a small wooden house, built on the lower land; this would make an ideal tack room or an office. The house is on one level and excellent quality throughout, with a big open-plan kitchen-dining room, with a new fully fitted kitchen, a large living room with fireplace, hallway, three bedrooms and two bathrooms (one of which is an en-suite bathroom). There are fitted wardrobes in all the bedrooms. Air conditioning or ceiling fans are also throughout the property.
