It's hard to know where to start as it has so much to offer „ as you drive into the huge patio area which is around 1,000m2 you are greeted by a pretty fountain and the large arches of the cortijo offering shaded areas for dining or relaxing under a large shaded porch area which is 66m2. The garden is surrounded by beautiful views and lovely shaded planted areas. There is good access by a concrete road to the main property and also a separate entrance to Cueva Savannah which is situated just a few minutes' walk away. There is plenty of room for parking including a garage, shaded car port for 2 cars and the huge patio area. To the left of the main cortijo-cave entrance, there is a large utility room and a wood storeroom. There is also a summer room which is around 40m2 and a donkey shed. The outbuildings total an area of 83m2. The property consists of the following
