1000m²

The property is comprised of porch, entrance hallway, large lounge/diner with American style kitchen - A 6cm thick marble work surface finishes off the bespoke oak units. Three double bedrooms, family bathroom and a utility room housing the solar power equipment. The wooden lined ceilings provide additional insulation which helps the property maintain a steady temperature throughout the year. Outside is a fenced and gated plot of 1,000m² (approx') planted with various fruit trees including citrus. There's one neighbour behind the property so the views from the front are uninterrupted and there's lots of privacy. There's a wonderful shaded seating area with a built in BBQ, this could be made to look so pretty. Mains water is connected and access is via a tarmac road. The property is just 5km from the village of Seron which has a few bars, shops and a weekly market. The large town of Baza is just over 20 minutes away where you'll find every amenity and Almeria or Granada airports are just under 2 hours away. Early viewing is highly recommended these high quality rural villas rarely come along.
