A marvellous opportunity to buy a 35.6 hectare working farm (88 acres) with 3 bedroom house near the town of La Codosera, Valencia de Alcantara, Cáceres. Part of the land is adjacent to the river Xévoira and is currently used to irrigate corn for feeding the sheep. Part of the land has been planted with trees in 2004. There are 3 bedrooms in the house together with entrance porch, kitchen, living room and bathroom. The water is taken from a subterranean source and there is also a spring. Electric lines pass close by. To access the finca you must pass over a ford, photograph included!
